- **United Nations Foundation**

TOGETHER AGAINST MALARIA

MAPUTO, MOZAMBIQUE

**TOGETHER
AGAINST
MALARIA**

**TOGETHER
AGAINST
MALARIA**

**TOGETHER
AGAINST
MALARIA**

TAM Goals

- (1) Increase access to information about malaria prevention and treatment.
- (2) Increase capacity for faith leaders to lead malaria prevention activities.
- (3) Strengthen faith community coordination with public and private partners.

TAM's 5 Key Messages

- Cooperate with house-spraying campaigns as these protect you from malaria.
- All must sleep under a mosquito net, especially pregnant women and children ages 0-5.
- When feeling feverish, go immediately to the hospital.
- While pregnant, all women must receive preventive treatment against malaria at least twice.
- Complete the treatment given to you.

Working through Muslim communities

And Christian churches

at the end of the road

Coordinating with Ministry of Health

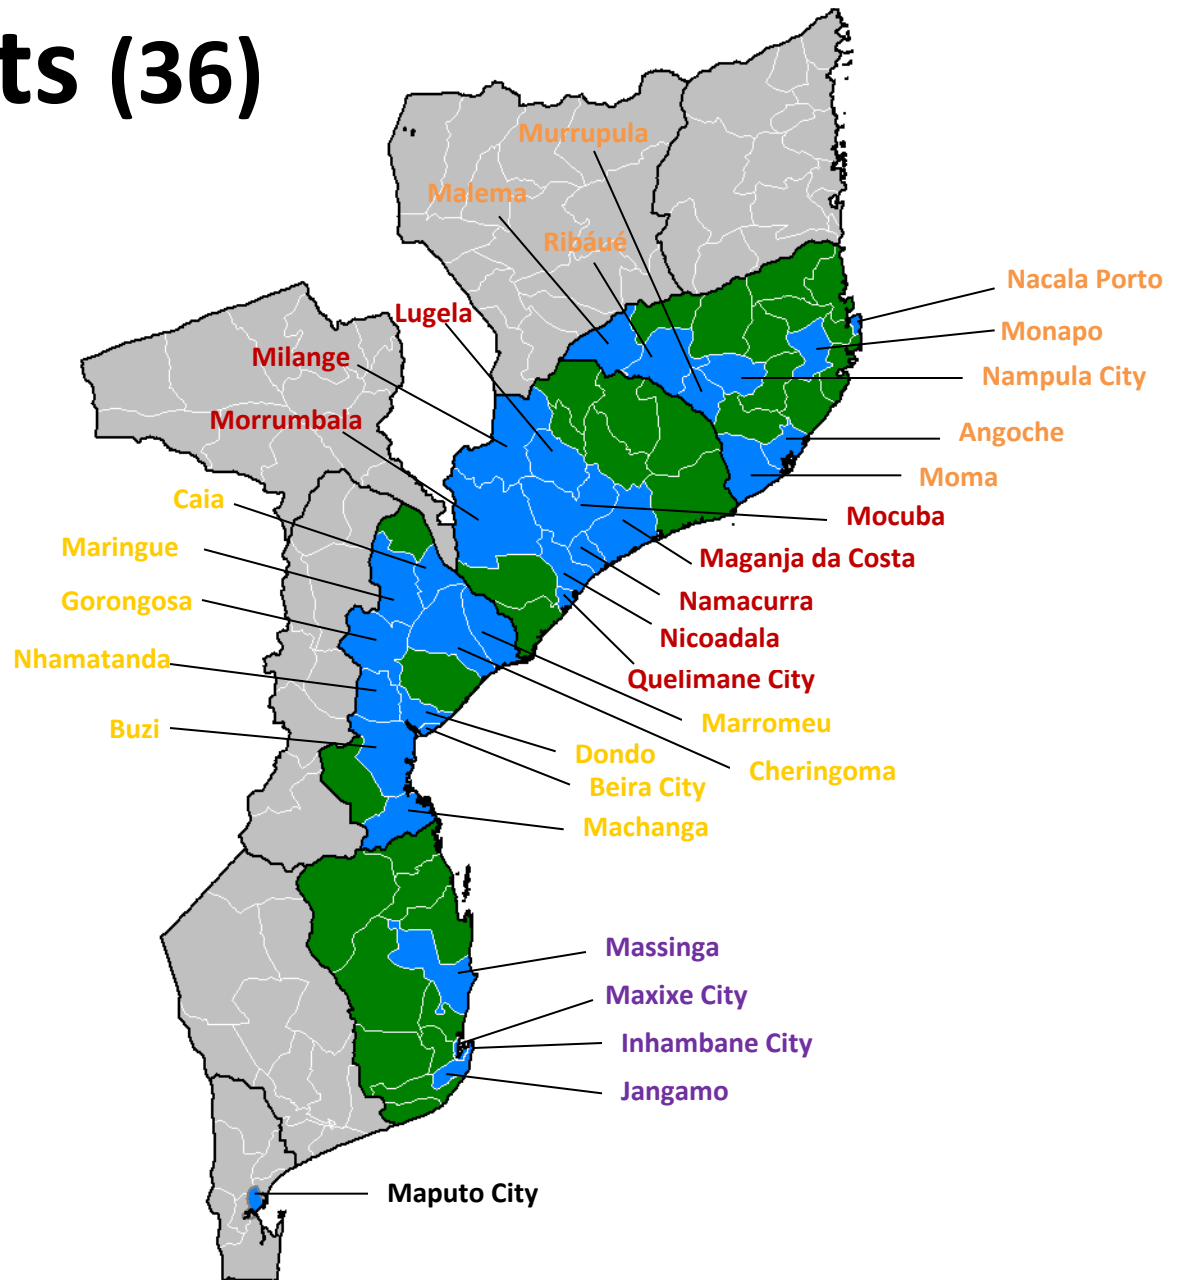

2008-2010 Results

- TAM featured as case study model of multi-faith collaboration against malaria
- Mr. Makda presented successes

PIRCOM/TAM informs NIFAA in Nigeria

Together Against Malaria

“The Koran tells us that if you save one life, you save all of humanity.”

- Mr. Hassan Makda,
co-chair, PIRCOM

“God-fearing people have committed themselves to working together to see that malaria becomes something of the past.”

- Bishop Dinis Sengulane,
co-chair, PIRCOM

PIRCOM/TAM: Next steps?
